Murph's Nascar 2018 Pool Rules

Select **ONE** driver from **Groups 1-11**

Note: Groups 9-11 consists of drivers who may race a few, many, or may not race any races in 2018. Please do your homework on the status of these drivers for the 2018 season.

Note 2: The Nascar Cup Series point system is difficult to completely comprehend but the main emphasis for a driver is to win a race, stay in the top 30 in points and they make the Championship. If there are not 16 different drivers that win a race during the regular season then the remaining positions in the Championship are filled with the non-winning drivers that are highest in the points standing. Additional if a driver makes the Championship they can carry Bonus points into and possibly throughout the Chase for additional Stage and Race wins. Ideally you want to pick a Team with as many drivers as you can that make the Championship.

Entry Fee: \$10.00 per team. Prize money distribution will be determined by number of teams entered. We **WILL** be using the Nascar Cup points system. There will be payouts for the top 20 in the pool as well as last place.
